Gentle giant

Sophisticated, stylish and ideal for special occasions... think of Martell's Cordon Bleu as the little black dress of cognacs. With its golden copper colour, floral-spicy fragrance and a taste that is rich in orchard fruits and spice notes, the exceptionally smooth blend of the Cordon Bleu remains many connoisseurs' favourite expression of Martell for over a century. Its distinctive flavour, marked predominantly by *eaux-de-vie* from the Borderies area, and timeless bottle design make it a classic unequalled in the world of cognac.

Liquid luxe

Succulent, creamy and complex ... meet The Naked Grouse, a premium blended scotch whisky by The Famous Grouse, home of Scotland's favourite whisky. The limited edition blend is built around two of the world's most revered malt whiskies, The Macallan and Highland Park, and matured in the very best first-fill sherry casks. Its flavour holds notes of sultanas, sticky toffee pudding, raspberry jam, custard and crème caramel, finishing with notes of cocoa, oak and just a hint of smoke on the very tail.

Pure and simple

Inspired by the aromas of the sea is Giorgio Armani's Acqua di Gioia Essenza, which leaves behind a trail of irresistible enchantment with its sensual bouquet and rare intensity. The notes of Acqua di Gioia's successor are fresh and sparkling from the very start, with mint and lemon zest given added impact by a pinch of pink pepper. A blend of jasmine absolute and water jasmine in the heart add refinement while hints of cashmeran, cedarwood and brown sugar in the base provoke desire.

Powered by Android 2.3.5 operating system, the smartphone looks trendy too, thanks to sculpted glass and diamond-cut aluminium accents. The super-slim device is coated with KEVLAR fibre, while Corning Gorilla Glass helps the screen stand up to life's inevitable scratches and scrapes. Its powerful dual-core 1.2 GHz processor lets you act as fast as you think, while 1GB of RAM keeps the momentum going.
